800 points on the TOEIC test

#### Advanced SQL Certification

HackerRank & Sololearn

#### Web Development Certification

HTML, CSS & JavaScript

#### Data Programming Certification

SQL & basic Python

#### IT Software Solutions for Business

Winner, Banjarnegara Regency

### PORTFOLIO

<https://andikadevs.space>

### SUMMARY

Full-stack developer with 3+ years shipping production apps: NestJS and Laravel backends, React and Next.js frontends, and Docker deployments. I build AI and automation into real operations, such as chatbots, WhatsApp auto-reply and an AI research copilot, and run an SSO platform with 11+ connected apps.

### EDUCATION

#### College

#### STEKOM University

Oct 2024 - Now

Bachelor's Degree in Software Engineering (in progress)

#### High School

#### SMKN 1 Punggelan

June 2020 - April 2024

Information Systems, Networks and Applications

### EXPERIENCE

#### Software Engineer

PT Bisnis Digital Ekonomi

May 2024 - Now

- Building OtoTop, Toploker's system for ads, revenue recaps and invoicing.
- Building dashboards that monitor company revenue and ads performance.
- Automating operational workflows to cut time spent on manual work.
- Integrating AI into internal tools and daily operations.

#### Junior Fullstack Developer

Akastra Toyota

March 2023 - April 2024

- Built Akastra Passport, an OAuth2 SSO server for all internal applications.
- Built an attendance system that recaps face-recognition and manual data.
- Built a real-time vehicle service tracking app for Akastra Toyota customers.
- Built the Akastra Care company profile and service booking website.
- Wrote reporting queries on the Dealer Management System database.
- Set up database environments, SSH and FTP servers for the company.

### SELECTED PROJECTS

- Corpus – AI copilot for research.
- SnapCRM – WhatsApp broadcast, auto-reply and AI chatbot automation.
- University SSO – single sign-on platform with 11+ connected apps.
- EasyTask – task management app used by Akastra Toyota and KSC Motor.
- MRS Genius APIs – service-reminder data and dashboards for Toyota MRA.
